STARTPLATZ

Supported by
BPI Bundesverband der Pharmazeutischen Industrie e.V.

HEALTHCARE FUTURISTS

INNOVATION IS DOING TODAY THE VERY THING YOU'LL BE ASHAMED OF FIVE YEARS FROM NOW THAT YOU DIDN'T DO, EVEN THOUGH YOU KNEW IT WAS THE RIGHT THING TO DO AT THE TIME.

JUST DON'T DIE

Secure your Seat right NOW

1 Participants form groups and start working.

2 Teams engage with their challenge and develop ideas.

3 The teams schedule meetings with their coaches.

4 The coaches prepare for the selection process.

5 Coaches assist teams in developing their ideas.

6 Teams present their pitches to an expert jury.

The innovate.healthcare Hackathon brings together diverse individuals to collaboratively tackle real-world challenges, regardless of age, gender, or ethnic background.

innovate.healthcare

The hackathon focuses on the topics of AI & Longevity in Healthcare.

- An engaging and challenging format with great implementation potential

- Teams work in an interdisciplinary manner with the assistance of coaches, mentors, and technical support

- Inspirational supplementary program

- Competitive and agile

- Attractive prizes to be won
